

Treasurer's report Annual Accounts 2009

CIG AGM 14 September 2010

2009 was a very successful year for the Cataloguing and Indexing Group. Income was £10,814.15 due largely to the profits made from the Group Conference held in 2008. With an expenditure of £4370.56 this provided the group with net profit of £6443.59 and a balance of £19309.24.

This has enabled the group to offer its conference for 2010 at prices lower than 2008 and sponsor a full residential and a day place. We have also been able to send mailings to our members advertising the group's activities and conference.

In 2009 CIG donated £100 respectively to Book Aid International and the CILIP Benevolent Fund.
