

Running An Institutional Web Service: Exercises

3 Web Tools

This exercise is intended for workshop participants who are particularly interested in *web tools*. The exercise will form the basis of a discussion group.

Question	Response
Do you have an institutionally recommended HTML authoring tool?	
What authoring tools are used within your department / within your institution?	
What other tools are used in your institution?	
Make a list of any licensed web tools used in your institution. Make a note of the commercial and academic price (if any).	
What barriers do you foresee in providing institutional recommendations for web tools?	
Do you see any problems in reconciling different models for web use with recommended applications?	

Make a note of any comments on this exercise or any issues you may wish to raise at the discussion group.
